## Love is in the air at BGLC

Students will fall for our topics this month!

It's a month full of celebrations for all of our friends at BGLC from Alphabet Party Day in the 4's, 10's Day in the 3's, Pajama Day during Solar System week and of course Valentine's Day parties! Important dates are listed on page 2.

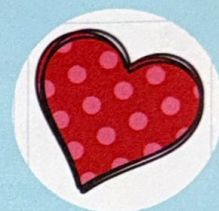

### Valentine Party Information:

The children should bring Valentine cards/treats before party day so they may be sorted by the staff. We plan on having a LOVELY party day for the students with Valentine games, songs and a special science activity.

**Registration paperwork should be complete at this time. Thank you!**

**Solar System**

## PARENT TEACHER CONFERENCES FOR 3'S

Starting in January, our teachers began re-evaluating your preschooler's progress through assessments. Parent teacher conferences will be held on Tuesday, February 17th (February 18th for Mrs. Erin's classes) to discuss the assessments and your child's progress. There will be no classes on February 17th to allow for conference time, no classes for Mrs. Erin on the 18th. All other 3's plus classes will be back in attendance for the 18th.

Our virtual platform, "Meet the Teacher" will be used to both schedule and hold video conferences. The on-line link to schedule your 15 minute conference will be open on Tuesday, February 2nd at 10:00 AM.

More information will be provided through Brightwheel with links and directions on how to choose your conference time. The link to instructional slides will be sent out with the newsletter. If you have any questions after following the instructions, message us on Brightwheel. Please note: to add a guest to the conference from another location, you cannot simply share your own link. A slide in the instructions will explain how to add a guest so that both devices can log in with separate links. Looking forward to collaborating with our parents and celebrating our students!
