SPRING HAS SPRUNG AT BGLC!

Spring is a very exciting time for our students at Butterfly Garden. We observe so many beautiful awakenings in nature! By next month, the students will have observed eggs hatching in our incubator and butterflies emerging from their chrysalis. Our science curriculum is a favorite of both teachers and students alike at BGLC!

Another season is upon us. tax season! Our FEIN is 36-3647074. Families can also pull year-end summaries directly from their Brightwheel accounts on the web.
