Happy Spring, Happy Mother's Day, Happy End Of The Year!

This is quite an emotional and more appreciated last month of school than years past. We approach our final month of school with an overwhelming sense of gratitude to our staff and our families. Our unwavering commitment to accomplish one goal, safely educate our students through this school year, has been accomplished with the final month upon us. What a feat we achieved TOGETHER!

And what a final month it will be! The butterflies will emerge from their chrysalids, seeds will be planted, and the ducklings will hatch to bring so much life to the school! The teachers will administer final assessments and develop student report cards to be sent home on the last day of school. Our graduation celebration for the 4's and the car parade for ALL students will be a wonderful way to wrap up our most extraordinary year yet. Thank you to our families for your trust, collaboration, teamwork, flexibility, understanding and support. One month to go to cross this amazing finish line!

End of the Year Event

Graduation for 4/5's & Parade for All

In lieu of the Mother's Day Tea, our 4/5 year old students will celebrate a modified graduation ceremony this year to take place outdoors in the lot of Christ Community Church at 13400 Bell Road.

Thursday, May 27th (rain date: May 28th)

The ceremony will include procession, certificate presentation and a song. There will be designated areas for each household to place their own chairs for the brief ceremony. Each child will be limited to 1 car with a designated parking spot. The children and families will be required to wear masks.

A car parade will celebrate the completion of our exceptional year from 2-3 pm for ALL of our BGLC families around the lot at Christ Community Church with staff and surprises. Families are encouraged to decorate their vehicles for the festivities.

TEACHER APPRECIATION WEEK, MAY 3-7

We will be celebrating our staff all week but frankly have more than appreciated them all year. In the midst of the greatest challenges we have ever faced, our staff has accepted the gargantuan task of creating a successful year with nothing but optimism and hard work. They've undergone immense training in new technologies, procedures and safety guidelines. Their hours have increased along with their duties. We owe the in-person year to them. The scope of their dedication, time and sacrifice over the last 12 months is likely beyond what most parents realize. BGLC staff-we LOVE you!
